CONDITIONS OF ENTRY

- (1) All entries are subject to the Society's male and female warranties.
- (2) Members who enter cattle for Sale in the Catalogue and who do not present their animals will be subject to such fines as determined by the Society's official auctioneers from time to time. Reasonable grounds for withdrawal will, if accepted, eliminate the member from such a fine.
- (3) Animals entered in the Catalogue must be offered for sale through the ring unless rejected by the Stewards or the Society-appointed Panel of Inspectors.
- (4) Prize money will be forfeit on any prize-winning animal which is not sold in the official Pedigree Sale.
- (5) Any Female which has been used as a donor for Ovum Transplant purposes must be declared.
- (6) Any Female which has had a Caesarean operation must be declared.
- (7) Retention of ova must be declared.
- (8) The appointed Stewards have been instructed to reject any animal which is not controllable by normal means at any time whilst in the Show and Sale premises. Exhibitors are responsible for their cattle throughout the Show and Sale period of the breed.
- (9) All cattle presented may be subject to inspection for identity, veterinary approval suitable standard, and weighing and measuring by officers appointed by the Society prior to the event at a time to be advertised.
- (10) Any doubt on identity will automatically debar an animal from the show and sale. If the vet considers the animal to be carrying a heritable genetic or phenotypic condition which in his opinion is detrimental to the integrity of the breed then that animal will automatically be debarred from the Show and Sale and the Society will not register any progeny from that animal.
- (11) As from January 2011 cattle entered for all official Society sales centres must come from herds which are BVD accredited, in which case, such animals will require to be BVD vaccinated within twelve months prior to the date of the sale. If the animals entered are not BVD accredited herds then they will require to be tested for BVD antigen and vaccinated against BVD prior to the sale. Furthermore, all cattle entered must come from herds which are annually testing for Johnes disease in a CHeCS Approved Health Scheme or from Johnes accredited herds.
- (12) The use of drugs is totally banned, as undernoted:-
 - 1) Preparation for Sale. Any drug which would affect weight for age, conformation, or growth of hair.
 - 2) Presentation for Sale. Any drug which would affect soundness or temperament at inspection, judging or Auction Sale. The Society reserves the absolute right to take blood samples from any animal presented at Shows and Sales, and to have the sample independently analysed at a certified laboratory. If any unauthorised drugs have been used, or treatment given without Veterinary certification having been provided, or without a declaration having been made to the Auctioneers, the exhibitor will be reported to the Council of the Breed Society. In any event, the offending entry will be banned from the Show/Sale.
