| STOCK BULL (ALL STOCK BULLS MUST BE SIRE VERIFIED/SNPS TESTED/MYOSTATIN TESTED) | TISSUE | 50K SNPS + MYOSTATIN (NTL821+ F94L) + SIRE VERIFICATION (IF SIRE HAS VALID SNPS PROFILE) | £20 CHARGED TO MEMBER |

Notes

- Tissue Samples are preferred – any hair sample submitted cannot be stored and we **will charge for testing.**
- First calving females – we will test the tissue sample we already have on file.
- Stock Bulls – where the Sire has not been tested on SNPS we will have to test the calf again on Microsatellite for the Sire verification. 2019 -2020 male calves will be profile only if the Sire has not GOT A Valid SNP profile
- Breeders should check that any stock bulls have been tested on 50K SNPS – Calves can then be sire verified then without extra testing.
- Lab requests will be sent automatically when the registration is processed. Tests for FIRST CALVING FEMALES will be requested when their first calf is registered.
- **Members will get an email with a list of tests requested.**
- Results take a minimum of 6 weeks to come back from the lab.
- **Members will get another email when the results are uploaded to the database.**
