

INVITATION TO THE EUROPEAN ANGUS-FORUM 10-17 JULY 2024 IN GERMANY

Dear Angus friends,

It is a special honour for us to host the European Angus-Forum from 10 to 17 July 2024 and to welcome the European Aberdeen Angus family to Germany. In Germany, up to 49,000 suckler cows belong to the Angus breed. 11.300 Angus herdbook cows are kept in 631 breeding farms in Germany. 19% of all pedigree beef cattle in Germany are Angus. By number, Angus ranks first position of beef cattle breeds. Of course, it is impossible to visit all regions of Germany in a few days. That's why, we concentrated our tour programme for the European Angus-Forum on the North of Germany with the federal states of Hesse, Lower Saxony, Mecklenburg-Western Pomerania, Brandenburg and the capital Berlin.

During the programme we will have the opportunity to visit many interesting Angus farms, the 27th Lower Saxony State Beef Cattle Show at the Agricultural exhibition in Tarmstedt. It is possible to book parts or single days, please contact me for the exact price. We cordially invite you to the European Angus Forum in Germany and look forward to an interesting program, a successful general meeting of the European Angus Secretariat, many productive breeder conversations and discussions and an even closer cooperation of all European Angus breeders in the future.
